

**“The EV speakers  
have been really  
good; they give us  
the volume that  
we need, as well  
as good clarity .”**

– Mark Bayfield, General Manager at Bayfield Hotels

## SOUND SYSTEM SOLUTIONS

# RESTAURANTS

### Bring your space to life

#### **An investment that lasts**

The assurance of superior performance and reliability from two of the most trusted names in pro audio. We offer proven product solutions with the added value of the industry's best customer support.

#### **Ambience is everything**

Creating the right atmosphere is essential to your restaurant's success, and quality sound is a key element of an enjoyable experience. Our systems can help set the mood across every part of your property, from reception to the dining area, all while blending into the background.

#### **Ease of use**

Simple zone and level controls for installed audio systems help staff focus on ensuring your customers have a great time.

#### **Controlled coverage**

Achieve sonic clarity and seamless control in more challenging acoustical environments – such as under high ceilings and between dining and bar areas – with installed loud-speaker systems designed with hospitality in mind.

#### **Flexible options**

Our extensive speaker portfolio includes ceiling, pendant, portable and surface-mount models, giving you background and foreground music options to suit every space and every budget – always with best-in-class sound quality and reliability.

SYSTEM EXAMPLE FOR DINING & DRINKS

## System overview

EVID ceiling and EVID-S surface-mount loudspeakers can provide seamless coverage across the dining room, bar, bathroom, patio and lobby areas. EVID subwoofers can be combined for additional low-end support.

## System benefits

The EVID loudspeaker family is designed to be mixed and matched together depending on the installation environment, with low-profile designs that blend in to their surroundings.

Protection against excessive power and overheating through tour-grade circuitry in C series amps.

System and group control and supervision through easy-to-use system software.

## DYNACORD | AMPLIFIERS

1x C1800FDi (ceiling & tops)

1x C1300FDi (subs)

## ELECTRO-VOICE | LOUDSPEAKERS

3x EVID-C8.2 (ceiling)

3x EVID-S5.2T (tops)

2x EVID-S10.1D (subs)

## If you need it, we've got it

The EVID (EV Innovative Design) family is the industry's most complete family of commercial loudspeaker solutions, with acoustically and aesthetically matched surface-mount, ceiling-mount, pendant-mount and flush-mount models for spaces of every size and shape, indoors or outdoors.

Models from each series may be mixed and matched for consistent performance across any installation, providing system designers with complementary building blocks to address the needs of a wide range of venues and acoustical challenges.
