- ▶ A new 3,500-seat sports hall was opened in Smederevo, Serbia for the World Student Games 2009 from July 1 to July 12
- ▶ Mega Music installed a Dynacord Promatrix 4000 system in the new hall along with over 160 Dynacord ceiling loudspeakers

**Straubing, September, 2009** Just in time for the World Student Games, which were held in Serbia from July 1 to July 12, a new sports hall opened in Smederevo. Boasting state-of-the-art equipment, the new 3,500-seat hall meets all the demands of today's major sporting events. Mega Music, Dynacord's partner in Serbia, was responsible for the installation of the sound system. Together with the new hall's management, Mega Music opted for a Promatrix 4000 system – a powerful, all-in-one solution.

Heard today in countless installations all over the world, the Promatrix 4000 not only combines ELA (announcements/voice alarm/evacuation) with pro sound, audio networking, and multimedia but also meets the very highest standards for sound quality and functionality. More than 160 Dynacord DL 96A and DL 84 ceiling loudspeakers round off the installation to ensure homogeneous coverage not only in the main hall but also throughout what is now Serbia's top indoor sports complex in areas such as the bowling alley, shooting gallery, passageways, staircases, and changing rooms. Despite its complexity, the installation went like clockwork. Mega Music's Davor Tomovic comments:

"We had meticulously prepared the whole installation in advance and the system worked flawlessly from the start. All we needed was a little fine-tuning, and the intelligent networking offered by Electro-Voice played an important role. The IRIS-Net software combined with the remote control power amplifiers reduced a potentially complex procedure to a few straightforward steps."

The Promatrix 4000 with IRIS-Net software has proved so easy to operate that the hall's technicians are delighted.

"During the Games, more than 30 events were taking place in the hall per day," says Milos Dikic, the hall's director. "Therefore, we needed a system that was

both reliable and easy to use. The Promatrix 4000 scored full marks on both counts.”

Above all, it was the extraordinary sound quality delivered by the Promatrix that made the biggest impression. “I’m more than satisfied with the transparency, loudness, and intelligibility of the system,” says Dikic. “The commentators and the competitors and technicians are convinced that we have the best sound system in all Serbia!”

**Dynacord Equipment list:**

1x DPM 4000 digital audio matrix  
1x DPC 4520 key panel  
2x PCL 1225T amplifier  
1x PCL 1125T amplifier  
113x DL 96A ceiling loudspeaker  
46x DL 84 ceiling loudspeaker  
7x WL 90 wall loudspeaker

**PA in the main hall**

13x Electro-Voice Zx5-90 loudspeakers  
8x Electro-Voice Zx1i-100 loudspeakers  
2x Electro-Voice P900RL power amplifiers  
3x Electro-Voice P3000RL power amplifiers  
IRIS-Net control interface  
Electro-Voice PolarChoice desktop microphones  
Electro-Voice RE2-N7 microphones

*The Bosch Group is a leading global supplier of technology and services. In the areas of automotive and industrial technology, consumer goods, and building technology, some 280,000 associates generated sales of 45.1 billion euros in fiscal 2008. The Bosch Group comprises Robert Bosch GmbH and its more than 300 subsidiaries and regional companies in over 60 countries. If its sales and service partners are included, then Bosch is represented in roughly 150 countries. This worldwide development, manufacturing, and sales network is the foundation for further growth. Each year, Bosch spends more than 3.5 billion euros, or eight percent of its sales revenue, for research and development, and applies for over 3,000 patents worldwide. With all its products and services, Bosch enhances the quality of life by providing solutions which are both innovative and beneficial.*

*The company was set up in Stuttgart in 1886 by Robert Bosch (1861-1942) as "Workshop for Precision Mechanics and Electrical Engineering." The special ownership structure of Robert Bosch GmbH guarantees the entrepreneurial freedom of the Bosch Group, making it possible for the company to plan over the long term and to undertake significant up-front investments in the safeguarding of its future. Ninety-two percent of the share capital of Robert Bosch GmbH is held by Robert Bosch Stiftung GmbH, a charitable foundation. The majority of voting rights are held by Robert Bosch Industrietreuhand KG, an industrial trust. The entrepreneurial ownership functions are carried out by the trust. The remaining shares are held by the Bosch family and by Robert Bosch GmbH.*
